

Susan L. Daly

December 18, 1959 - June 16, 2016

SUSAN LEE DALY (nee HULL), 56, left this world on June 16, 2016 to be an angel, and joined her beloved Mom and Pop in eternal love.

Sue is survived by her husband, George, children, Nicole and Christopher, siblings, Gail Montesanto, Donald Smith, and Herbert Hull, numerous loving cousins, nieces and nephews, and her four-legged grandchildren, Marnie and Chewie. She is preceded in death by her parents, Kenneth and Caroline Hull, and her dearest uncle and aunt, Herbert and Marilyn Nelson.

Sue was born on December 18, 1959 in Philadelphia, PA. She graduated from North East High School in 1977. She went through life with her husband George Daly by her side for 15 years. After moving to Laurel Lake in the 1980's, Sue began working as a dedicated employee for the State of New Jersey as a Classification Officer. In 1990, Sue and George welcomed home Nicole, and in 1995 along came Christopher. Her children became her primary source of pride and joy in life. Her children will always remember her as a caring, loving, tireless, smart, devoted mother who encouraged them to pursue their goals, and was always there to wipe away any tears. Sue found great happiness in life's simple moments, like spending time with her children and reading a good book.

Sue was accomplished at keeping everyone connected, and was the strength and love that held her family together. After celebrating her much deserved retirement in December 2015, Sue made sure to keep in touch with the coworkers who had turned into friends. She was a generous, loving individual who was always there for anyone in need. Even in her passing, she has given the gift of sight through organ donation. She was a courageous, brave woman who fought fiercely against her brief illness, never losing her wit or sense of humor.

A memorial will be held at a future date, the details of which will be made known shortly. All will be welcome to attend and celebrate Sue's life and love. In lieu of flowers, please send donations to the Cumberland County SPCA 1244 N. Delsea Drive Vineland, NJ 08360 or consider becoming an organ donor. The family would like to thank the attentive staff at the Frank and Edith Scarpa Regional Cancer Pavilion for their efforts, the support and guidance of Sue's favorite sister Gail, and the compassion shown from all of Sue's friends and family during this unfathomable time of loss.
